place a trial. claw

R. H. HARRISON, J. R. MOSSER.
HARRISON & MOSSER, Prop'rs.
DECATUR, ILLINOIS.

TUESDAY EVE, APRIL 19, 1897.

Always hurrah for the town that you live in. Let the others hurrah for them, but as for us, three cheers for Decatur!

Then greatest "fishy trouble" is when they won't bite, according to Capt. Bingham, Manager Haines, and other disciples of Isaac Walton.

A New Campaign paper says "Now that the excitement attending the municipal election has passed away, it strikes the country as being about time for Chicago to hang the Anarchists!" which is good advice.

The city election will be over this evening, and then everybody will have time to give Decatur a boost. There will be nothing else in the way of a distraction, and we can all get our shoulders to the wheel. My! how the thing will hum when we all get to pushing!

The greatest cynic of the season in this country was at Chicago last night, when Carter Harrison's wind bag gave its last puff. No other such a blizzard factory ever existed in this age, and when it blew its last blow the city and the state gave a sigh of relief which showed how welcome was the change.

Nine colleges are said to be in course of erection at Wichita, which leads an exchange to remark that fully a dozen are needed to furnish the inhabitants of that windy town with a branch of education each, grammar, if the state of grammatical knowledge existing there is to be judged from the personal of a certain Wichita paper. Slightly sarcastic, that.

Miss Cleveland, whose fondness of heron for pretty dresses, and line just received some beautiful new costumes from New York, among which are a white gown in beige color, a brown and black striped gown, with plumed brown and black, and a magnificent dress of Spanish lace, with velvet applique trimming. Grover will have to pay extra for his trunk when he goes traveling.

Mr. Louis (Globe-Democrat) William J. Allen, who is to succeed the late Judge Treat as Federal Judge of the Southern Illinois District, is well known throughout that portion of the state over which his jurisdiction will extend. His principal title to fame, however, in the days when he was a larger figure in the country than he is now, arose from the fact that he succeeded John A. Logan in Congress when that gallant officer resigned to fight his country's battles. That was at the beginning of the civil war. Judge Allen, however, is a fair lawyer and has had some experience on the bench. No doubt he will perform the duties of his new position acceptably.

Band all your energies towards making Decatur the largest town in Central Illinois. There are dozens of industries that could be pursued here with profit, and the building up of which would give employment to hundreds of laboring men and thereby add to the general volume of business of all kinds. We should not only labor to bring manufacturers to us from outside, but we might start some more shops of our own. The touchstone that turns dullness into activity, poverty into wealth, adversity into prosperity, is labor. Plenty of work to do means abundant prosperity for all. Speculation, trade, cannot support many people. The prosperity of everybody depends upon labor, and where that is plentiful everybody has a chance to prosper. Let us wake up to the necessity of enlarging the trade of those who belong to the "tin peli brigade."

This San Francisco Argonaut commenting on the enormous prices being paid for worthless Southern California lands makes these truthful observations for the benefit of the farmers of the Mississippi valley who may have been struck with the Pacific slope fever.

"We are not now advancing ourselves to the wealth of the speculative, but the rich spend their money does not concern us; as to the manner in which the gambler in lands of mining stocks or in the green cloth acquires his money we are indifferent. But when the farmer of Cook and Carroll counties, in Illinois, sells his farm of rich productive soil worth \$500 per acre at \$45 and purchases land in southern California for \$200 per acre, or lots in Pasadena for \$1,000 per acre, we think and beg his pardon for the frank expression of our opinion: we think him a most consummate fool, and when the time comes when he shall have himself back upon his fat acres in Illinois and in the enjoyment of four seasons, our sympathy will only be reserved for the poor and children whom he has sold and grown have robbed."

The folly of those who are paying these enormous prices for lands that are comparatively barren is apparent even to California, who, it will be seen, have a better appreciation of the value of Illinois lands than any of the "muckers" who are exchanging the farmer's paradise for the real estate dealer's purgatory.

Captured and Drowned.

Baltimore, Md., April 17.—Five young men hired a sail-boat at the foot of Zetzel street this afternoon. Three of them were Frank Harman and two brothers named Baughman. The other two were unknown to their companions. They sailed their boat across the bay, in the middle of which it upset, throwing all five into the water. Harman and the two Baughman boys were rescued by a passing ship, but the two strangers were drowned.

Senator Jones Backs Down.

Decatur, Mich., April 18.—Senator Charles W. Jones will not return to the United States Senator. Up to yesterday he has been kept from making an explanation of his conduct by the fact that he is expected to die. Now he offers some. It is said he expects a deadlock, and that he will slip through during the night.

SPECTACULAR.

Speaking of the play to be given Friday night, the Baltimore News said:

"The Devil's Auction," a very beautiful fairy-spectacular comedy, with a sort of Arabian-Night plot, was produced at the Holiday-Street Theatre last night before an unusually large attendance. It can scarcely be termed a repetition of "The Devil's Auction" seen here last season, for it has undergone changes that almost amount to a reconstruction. Every feature of the performance is marked by a change, and the alterations constitute an immense improvement. The premises and ballets met with great favor. The contortionist is very fine. The acrobats are marvelous, and the costumes gorgeous. The spectacular portion of the play is grand, and is the best on the road.

THE CITY ELECTION.

A Bright and Cheery Day for Selecting City Officials.

The responsibility of electing general city officials and an alderman from each ward rests upon the voters of to-day; and as the sun shines warmly and there is no wind of consequence, except that which needles in circling whirle about the five polling places, the people find it pleasant to cast their ballots. Representatives of the license and anti-license elements are at work handing out tickets and button-holing much voters as are undecided how to cast their ballots. There is apparent indifference as to the outcome, but there is a large silent vote going into the boxes. It is figured by the knowing ones, those who say they will back their assertions with "dust," that Kanan will be re-elected mayor; Mills, attorney; Betzer, clerk; with the race close between Henderson and Skeley; White for alderman in the first; Dave Park in the second; George Simpson in the third; W. W. Foeter in the fourth; and Ferguson in the fifth. Friends of the other candidates assert with equal confidence that the "other fellows" will win. The count of the ballots to-night will tell the story.

1080 VOTES CAST.

The assertion that but little interest is taken in the election goes for naught, when one looks at the figures. Up to 2 o'clock in 1885, when the interest was red hot, a total of 1110 votes had been cast. The following shows that nearly as many votes were cast to-day up to 1:30 p. m.:

First Ward,	260
Second Ward,	225
Third Ward,	230
Fourth Ward,	210
Fifth Ward,	155
Total,	1080

Vehicles are on the go this afternoon. It is quite likely that a heavy vote will be polled.

THE 1886 ELECTION.

At the election for city officers two years ago ballots were cast as follows:

Kanan, Rep.,	1224
Wait, Prohib.,	408

FOR MAYOR.

Mills,	1042
Walker,	498

Betzer,	1108
Durfee,	499

Fourth Ward—McClellan, 378; Winebrenner, 48.
Fifth Ward—Ferguson, 129; Butts, 121; Johnson, 98; Davenport, 40; Perry, 13.

THE Republicans made a clean sweep at Bloomington on Monday, resulting in the election of Mr. Thomas as mayor by a plurality of 358 over Trotter and Suduth. The prohibitionists cast 231 votes for Suduth.

THERE was to have been a meeting of the city council last night, but owing to the intense interest in the election, it was decided to postpone all business until Friday night, when the vote of to-day will be announced. All of the aldermen were in attendance except McClellan.

Supreme Court on Paving.

A few days ago the REPUBLICAN gave a short paragraph telling of the decision of the Illinois Supreme Court on the question of street paving, which decision materially affects Decatur property owners and settles points that have been contested by individuals who have believed that they were wrongfully assessed. The decision ought to finally settle the question as to the power of cities to make improvements by special taxation. This decision is in the case of the city of Springfield vs. Emily A. Green and others. Defendants objected to the assessments of 1886 for street paving, and secured from Judge Matheny a ruling to the effect that corner lots have only one front, and therefore cannot be assessed for a pavement along the side of a lot. The Supreme court reverses this ruling, and decides that lots may properly be assessed on both end and side.

As to the points raised by the objectors, that special taxation by the front foot, as provided by the city council, is obnoxious to the spirit of the constitution, and that such taxation is inequitable and unjust court says: "The whole matter is so fully discussed in the cases of White vs. People, 94 Ill. 604; Cray vs. People, 95 Ill. 263; Bigelow vs. Chicago, 84 Ill. 234; Enos vs. Springfield, 113 Ill. 65; Galesburg vs. Searles, 114 Ill. 217; Watson vs. Chicago, 115 Ill. 78; Sterling vs. Galt, 117 Ill. 15, wherein will be found all the reasons for and against the rule as now held by this court, that it would be but a mere idle waste of time to go over the ground again, and we therefore decline to do so. Again, "If it be possible to settle any question by repeated decisions all the same way, the present one surely ought to be regarded as finally and irrevocably settled." As to the point that the ordinance embraces more than one improvement, by providing for the paving of several streets and alleys, the court say they regard the improvement of the streets of the city as all parts of a common enterprise and the accomplishment of it a single improvement. The decisions of the court go to support this view. They hold that the county court erred in not allowing the commissioners to amend their roll, in one or two cases, by putting the whole tax on the corner lot, where the party owned two side by side.

The order that the judgment of Judge Matheny be reversed and the case remanded with directions to allow the amendments in question and for further proceedings in conformity with the views there expressed. The opinion is by Mulkey, and there is no dissenting member of the court.

BAPTISTS IN THE ROOM.

Talk About a New Church—A Committee at Work.

THE BAPTISTS.

At a meeting of members of the Baptist church held last night, the question of the erection of a new and larger church was discussed. Dr. Voelburg has received a flattering offer to go to Springfield and may accept the invitation if a larger church is not provided. The need of a more commodious house of worship is conceded. A committee was appointed to ascertain at what figure the church property at the corner of North Water and North streets can be sold, and also to report at a subsequent meeting a more desirable site for a new church. It is stated that three business men will pay \$500 each if the Baptists will not build on the old corner. It is believed the ground should be used for business purposes.

AT WORK.

To-day William Traver and the May brothers have the surveyors at work platting a part of their 64 acres of ground north of the city, near the P., D. & E. track. The fine lots will soon be on the market.

ROOMIERS.

Two real estate dealers chatted together this morning on the outlook. They are pleased to know that there are more firms in town. They help business and tend to set people thinking about investing their money to good advantage.

Decatur real estate at the present prices is good property. Land and lots will never be cheaper and those who buy now will reap the harvest.

The weather is splendid for building purposes and contractors are making the best of it.

There has been a very flattering advance sale for the "Monte Cristo" performance Thursday night, which is the strongest evidence that the public appreciates a first-class show. James O'Neill presents a most satisfactory and pleasing entertainment. He has gained public confidence and risen to a high attitude of popular favor as a great actor. "Monte Cristo" is one of the best of all romantic dramas, of which the public will never tire, and in the title role Mr. O'Neill sustains a part which calls for an extreme range of talent, and whether as the rollicking, free-hearted sailor, the calm, outspoken priest, the man of society, or the heart-sore and passion-torn slave of memory and vengeance, Mr. O'Neill shows himself a careful, painstaking and intelligent actor.
